Dear Beloved Community Members,

HAVEN of Tioga County, a critical resource for survivors of domestic violence and sexual assault, is seeking the community's support to achieve a significant financial goal: paying off the loan for its permanent facility. By eliminating this financial burden, HAVEN will be able to reinvest funds directly into its life-saving programs and services, further benefiting survivors in Tioga County.

The loan was taken to secure a safe and permanent location for those seeking refuge, but the organization now faces challenges in meeting this obligation while continuing to expand its services. HAVEN is reaching out to the local community, asking for donations that will allow them to pay off the loan and redirect resources back into essential services.

Once the loan is paid off, HAVEN will use excess funds to go toward ensuring that residents have access to basic needs such as food, hygiene products, bedding, and clothing. Keeping the shelter safe, clean, and welcoming is a priority. HAVEN plans to allocate any additional funds to ongoing maintenance, safety improvements, and general upkeep of the facility.

In the last year alone, HAVEN of Tioga County has:

- Provided 299 shelter nights to individuals and families, helping them escape dangerous situations.
- Assisted 215 domestic violence and sexual assault survivors through counseling, legal support, and advocacy.
- Provided and participated in 55 community outreach and educational efforts to raise awareness about domestic violence and sexual assault.

The funds raised from this campaign will not only help pay off the loan but will also create lasting positive change for survivors in Tioga County.

HAVEN of Tioga County is asking individuals, businesses, and organizations to contribute to this crucial cause. Every donation, whether large or small, will have a direct impact on the lives of those escaping violence and abuse. By supporting HAVEN in paying off its loan, donors are ensuring that more resources go directly into the programs and services that make a difference in the lives of survivors.

For more information or to donate, please visit www.havenoftiogacounty.org/homeforhaven

Together, we can create a safer and more supportive community for everyone.

Sincerely,

Community and Systems Advocate
HAVEN of Tioga County
